Mark was very professional, yet casual, for a comfortable lesson. Well worth the value. Made immediate improvements to my game.

Wonderful experience...we would recommend simply golf to anyone!

This was a great deal. Mark Baumann is a fine instructor. He presented things in an easy to understand approach. His comments were all positive. He did not focus on weaknesses. it was a nice experience.

Great lesson. Top-notch pro. Alot for the cost. Great service. Learned a lot.

Awesome coach, great value!

Great deal and great instructor! Positive experience and will refer friends to this business! Would be great if another deal like this came along soon.

Mark was an amazing teacher. It was over and above what I expected. He really helped me with my swing and bye-bye slice! I would highly recommend Mark to

beginners because he makes it simple and to those who want to enhance their swing because he is a pro! Highest Recommendation by Chad Reelfs

Mark was SUPER fun and easy-going. Looking forward to working with him again.

Mark found out what MY goals were and spent all day helping me to achieve them. He provided criticism in a positive and constructive way and I can't wait to use the techniques I learned today while out on the course with my family. Thanks Mark!
